stronger  
cleaning power  
- ultra low smear

## CUTTING EDGE TECHNOLOGY COMBINED WITH EASE OF USE TO CREATE AN INCREDIBLY EFFECTIVE AND ENVIRONMENTALLY FRIENDLY FORMULA

### **Unique formula**

Natural and fully biodegradable, with ultra low smear.

### **Optimum cleaning**

Even stronger cleaning power, developed specifically for use in healthcare environments.

### **Multi-surface cleaning**

Can be used on both surfaces and equipment.

### **Convenient and effective**

Disposable wipes that are ideal for general cleaning and damp-dusting.

### **Alcohol & disinfectant free**

Safe to use and utilise the same technology found in many shampoos and skin care products.

# DETERGENT WIPES

Multi-surface wipes for general cleaning and damp dusting. They leave no smear whilst providing a superior level of cleaning power.

## DETERGENT CLIP PACKS

Working with the 'Design Bugs Out' initiative, our clip packs, keep wipes neatly accessible, off the floor and nearby for whenever they are needed. The integrated clip is reinforced and angled for a firm grip and securely fits on to BP machine stands, porters chairs, bed frames, monitor stands, cabinet doors, trolleys etc.

## OPTIMUM CLEANING

Clinell Detergent Wipes are unlike other detergent wipes. Our detergent formula is incredibly effective and environmentally friendly to provide optimum, multi-surface cleaning and damp dusting in healthcare environments. Many competitors' detergent products are oil and phosphate based which leaves smears and residue.

Clinell Detergent Wipes use compounds that lower the surface tension of a liquid and act as detergents. These are derived from renewable and sustainable plant sources such as sugar cane, rather than non-sustainable oil, helping them to biodegrade rapidly.

The surfactant molecules are designed for minimum smear and excellent cleaning power.

The efficiency of these molecules also means less surfactant is necessary for a given task, contributing to minimal residue and smear.

Containing no alcohol or disinfectant, they are safe to use and utilise the same technology found in many shampoos and skin care products.

## RANGE OF USES

### SURFACES

Mattresses, bed frames, table tops, door handles, desks, chairs, ledges, examination couches etc.

### EQUIPMENT

Telephones, keyboards and accessories, wheelchairs, trolleys, walking frames etc.

Wearing the recommended PPE, remove one wipe from the pack.

Working from clean to dirty, wipe in an 'S' shaped pattern, taking care not to go over the same area twice.

Change wipe if it becomes dry or soiled and discard. Dry the surface with a clean dry paper towel or cloth.

PRODUCT	UNIT OF ISSUE	ORDER CODE
Detergent Wipes Clip Pack 60	Pack of 60	CDCP60AUS
Detergent Wipes Tub 110	Tub of 110	CDT110AUS
