

QUALITY POLICY

GAMA Healthcare Australia Pty Ltd is a company formed to produce and deliver (both by subcontracting) disinfectant wipes, detergent wipes, medical wipes and associate products of the highest quality. The production of these products is completely outsourced.

GAMA Healthcare Australia Pty Ltd demonstrates its commitment to provide quality products that meet customers' expectations by compliance with all relevant regulatory requirements and through the management of its approved partners. It is the responsibility of GAMA Healthcare Australia Pty Ltd. To ensure that the subcontractors live up to the highest quality levels during production, handling and distribution as arranged in a contract with each subcontractor. Furthermore, GAMA Healthcare Australia Pty Ltd will undertake all measures to enable adequate Post Market Surveillance.

GAMA Healthcare Australia Pty Ltd is wholly committed to maintaining the effectiveness of its Quality Management System and does this through a program of Internal Audits, Management Review, use of the Corrective and Preventive Action and use of the Quality Plan.

GAMA Healthcare Australia Pty Ltd is committed to providing Key performance indicators that will review, monitor and improve all aspects of operation and quality/regulatory areas.

GAMA Healthcare Australia Pty Ltd has established quality objectives which are reassessed at regular intervals during Management Review.
